

Professional Summary

Full-Stack Developer with 3+ years of experience in **Angular (HTML5, CSS3, TypeScript, RxJS)** and 6 months in **Java Spring Boot (REST APIs, MySQL, JWT)**. **Specialized in UI/UX**, authentication, role-based dashboards, fintech applications, and real-time systems. **Strong expertise in banking & financial domain (AEPS, DMT, Micro-ATM, Loan CRM for HDFC)**. **Proficient in Git, Docker, Postman, and Unit Testing**. **Immediate joiner seeking opportunities in the range of ₹8-10 LPA..**

Technical Skills

- **Front-end:** Angular, RxJS, NgRx, HTML5, CSS3, SCSS, JavaScript, TypeScript, Angular Material, Bootstrap, Tailwind
- **Back-end:** Java, Spring Boot (REST APIs, JWT)
- **Databases:** MySQL
- **Tools & Platforms:** Git, Docker, Postman, Visual Studio Code
- **Testing & Optimization:** Unit Testing, Debugging, WebSocket's, Performance, Optimization

Professional Experience

Full Stack Developer (Java + Angular) | Redmil Business Mall

Sep 2024 – Present (**Rejoining**)

- Developed and maintained **full-stack web applications** using **Java Spring Boot** and **Angular**.
- Built secure **RESTful APIs** for banking transactions and financial services.
- Integrated **real-time WebSocket** for user balance updates and live tracking.
- Enhanced performance with **lazy loading, module optimization, and database indexing**.

Angular Developer | Redmil Business Mall

Apr 2022 – Apr 2024

- Developed and optimized **Angular applications** for financial services.
- Implemented **role-based authentication** and **dynamic dashboards**.
- Worked with **APIs for banking services, Aadhaar ATM, DMT, and micro-ATM**.
- Designed interactive UI components for real-time financial data visualization

Angular Developer | Web Convoy Pvt Ltd

May 2024 – Aug 2024

- Developed a **Paint Protection Film (PPF) System** with Angular stack.
- Created an advanced **carousel/slider** fetching **dynamic API data**.
- Developed a **Gaming Website** with profile management, transactions, and authentication.
- Integrated **RxJS for efficient data handling and API communication**.

Education

Bachelor of Computer Applications (BCA)

Avviare Educational Hub, Noida (2019 – 2021)

Certifications & Achievements

- Java Full Stack
- Web Designing with MySQL course
- Selenium WebDriver with Java

Projects & Source

Satendracoder Developer Suite ([Open Source Project](#))

- Developed a full-stack platform combining 20+ developer utilities (**JSON Formatter**, **Base64 Encoder**, **QR Generator**, etc.), along with blogging, learning modules. Built using **Angular**, **Java Spring Boot**, **JWT** authentication, and **MySQL**. Project is open-source and live on [GitHub](#).
- **Tech:** *Angular, Spring Boot, JWT, MySQL, Docker*

Redmil Fintech Platform ([Banking & Payments](#))

- Developed and deployed a full-featured fintech web application supporting **AEPS**, **Recharge**, **Bill Payments**, **Wallet Transactions**, and **Micro-ATM** services. Implemented secure **login, authentication & authorization**, transaction dashboards, and API integrations for payments. Designed UI/UX and consumed APIs for multiple financial services modules independently.
- **Tech-** Angular, Angular Material, REST APIs, JWT, RxJS

Redmil Backend Automation (Spring Boot APIs)

- Created Spring Boot APIs for **scraping, automation, and testing** of fintech services. Designed backend automation workflows and integrated APIs for validation & QA purposes
- **Tech:** - Java Spring Boot, MySQL, Selenium, REST APIs

Redmil Website ([HDFC Loan CRM](#))

- Built an Angular-based CRM for customer onboarding, loan application workflows, and approval process with secure API integration.
- **Tech:** - Angular, Angular Material, REST APIs, JWT, RxJS, GitHub, Postman

Web Convoy Gaming [Website](#)

- Built an Js-based gaming platform with profile management, transactions, authentication, and dynamic carousel using JavaScript for efficient data handling.
- **Tech:** - HTML, CSS, JavaScript, Web design

Web Convoy PPF(Paint Protection Film) [Website](#)

- Developed a dynamic Angular website for paint protection film services including car listings, product management, blogs, and admin dashboard.
- **Tech:** - Angular, Angular Material, REST APIs, JWT, RxJS, GitHub, Postman

Open-Source Contribution

SC-Angular-Generator (VS Code Extension)

- Published a VS Code extension for Angular developers to simplify development workflows. Available on the [VS Code Marketplace](#) →
